Editor's Memo

To William Grede

WE note that you are in town to speak to the Exchange Club meeting tonight at the Cuba Club.

We wonder if you are still a member of the governing council of the John Birch Society. If you are it might be enlightening for the Exchange Club members to hear some discussion about this intriguing organization.

Is it still propounding the doctrine that Presidents Kennedy, Eisenhower, Truman and Roosevelt were part of the Communist conspiracy?

Does it still claim that Chief Justice Warren, the late Sec. of State Dulles and former CIA Director Allen Dulles are Communists?

Grede
